Chase and Jasmine's journey was awesome! It had everything you need to really feed that urge of experiencing crazy love, sex, murder and an eventual happy ever after. I'll admit that at times I was stressed, I was heartbroken and I was on the edge of my seat. For those who have yet to read this trilogy, take a chance and give it a go. And we definitely need a part four. Ms Wright, you left way to many un-answered questions about the side players.

Omg omg OMG!!!! Kenya Wright is brilliant this book was so dark and twisted and amazing some things in this book I so wasn't expecting to happen it knocked me off kilter a little I can't wait until book 4 is released oan: I really hope she does something dark and twisted to that mother of Jazz I

can't stand that character.... but on another note Job well done...

Chase and Jasmine have one of the hottest chemistry in literary history. Their love is so intense and so captivating. The only thing I wish was different in the end of this book is that Troy, Jasmine's twin didn't die. I feel like he and Vivian character could have made a wonderful spin-off erotic romance story. Over all great book. Would love to read a part 4! Can't wait to see what happens next to all the characters.

I didn't like this book that much. I hated that Benny killed Troy. Sherman and that witch of a mother should have been killed. How is it that this ghetto hood rat (Sophia) has so much power? really? It's unbelievable... Sherman is just a moment mindless traitor and follower. Chase in this book has a one track mind, be with Jasmine no matter who dies. I just wasn't feeling this book.. I enjoyed the first one more. If there's going to be another book, then Sophia and Sherman need to be dealt with. As in murdered. I'm sick of her conniving character.

I was excited about this being the wrap up of the Chasing Love trilogy, only to find out that it has turned into an ongoing series, and the plot reflects this change. Seeing the direction this is going in makes me wish we'd had a different opening to the story, though. All in all, this was a good book with several plot twists and unexpected actions taken by unexpected characters. I'll gladly follow along where Ms. Wright leads.

I thought this book was wonderful to read! It was a bit dark and not for everyone. I would love to see a fourth book in this series! Chase and Jasmine are beautiful together and I would love to see them get the peace they deserve. Something needs to be done about her mother, she's placed her children's lives in too much danger. She can't get away with the things she did.

I hoped she would come out on top being herself but it looks like she is becoming her mother. I hope she goes back to good Jasmine and not her mother. I need one more to end this story with love and not love of power.

Love, love, love this book and this series. Very intense - each chapter had me speed reading to get to the next so I could find out what the heck was going on! LoL. I could seriously see this series on the big screen. There HAS to be a book 4. Please write another book.
