# Perfect Russian With The Michel Thomas Method (Michel Thomas Method Speak...)

## Synopsis

Already completed Michel Thomas Total Russian? Take your Russian to the next level with this acclaimed follow-on to the Michel Thomas Method Total Course. No books. No writing. No memorizing. Use the unique method perfected over fifty years by the celebrated psychologist and linguist Michel Thomas. Stress-free audio learning Michel Thomas teaches you through your own language, so there's no stress, and no anxiety. He builds it up, step by step, and you don't move on until you've absorbed and understood the previous point. And, as Michel Thomas said, "What you understand, you know; and what you know, you don't forget." With parallels to the way you learned your own language, each language is learned in "real-time" conditions. There is no need to stop for homework, additional exercises or vocabulary memorization. The "virtual" classroom situation on the recording lets you learn with others. You enjoy their success, and you learn from their mistakes. The students on the recordings are not reading from scripts and they have received no additional instruction or preparation - just the guidance you hear on the recording. You, as the learner, become the third student and participate actively in the class. This method works with your brain, helping you to build up your Russian in manageable, enjoyable steps by thinking out the answers for yourself. Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. Perfect Russian with the Michel Thomas Method includes up to 6 hours of audio on CD.

"A unique and perfectly brilliant way of learning languages" -- Stephen Fry "Five minutes into the first CD and you already feel like you're winning" -- Time Out "The most extraordinary learning experience of my life" -- Emma Thompson "I never thought I could learn Spanish, but using the Michel Thomas Method has made me realize there is hope..." -- Bruce Parry "The nearest thing to painless learning" -- The Times "For the first time, trying to speak Italian was fun, not frustrating" -- TES "Works like a dream" -- The Daily Telegraph "Michel Thomas is a precious find indeed" -- The Guardian "Thomas makes it simple" -- Sunday Times "A genuinely new way of learning a language" -- The Daily Mail

I love that the lessons are with actual students. Learning from other's mistakes. The instructor explains why it is incorrect, gives other examples and makes me think more about the word or phrase. It is great to use when I am not able to look and follow along in a book.

I ordered this product, even though it overlaps with the Vocabulary Builder because I liked the Vocabulary Builder and I wanted more instruction using this method. I found that I enjoyed listening with my portable CD player more than trying to listen when driving the car!

I did the Two Michel Thomas Russian courses (Total and Perfect) after completing both Rosetta Stone and Pimsleur. Definitely an outstanding course and well worth it. I would say the primary strength of this course versus the other two is it clearly explains much of the Russian grammar. There were many things I was unclear about from the other courses that this course spelled out clearly which did a great job of reinforcing the ideas.

This one is promoted as a more advanced course but it actually covers a lot of basic material. I like the general format of this series: being asked how you would say something is quite useful to practice grammar. However, this box set is difficult to listen to because the two other students in the recording speak slowly, halting, and with poor accents. So you end up getting exposed to a lot of material that's actually not in an accent that you want to emulate. They don't improve through the course either. I think in a higher level course the students should sound better at least. I find other series with native speakers in conversation to provide better guidance on pronunciation and speaking style.
