# Fallen Angels And The Origins Of Evil

## Synopsis

Did rebel angels take on human bodies to fulfill their lust for the daughters of men? Did these fallen angels teach men to build weapons of war? That is the premise of the Book of Enoch, a text cherished by the Essenes, early Jews and Christians, but later condemned by both rabbis and church fathers. Elizabeth Clare Prophet examines the controversy surrounding this book and sheds new light on Enoch's forbidden mysteries. She demonstrates that Jesus and the apostles studied the book and tells why church fathers suppressed its teaching that angels could incarnate in human bodies. Contains all the Enoch texts, including the Book of Enoch, and biblical parallels to the Book of Enoch.

Read this book and you will see the Book of Enoch was not accepted by the Establishment long ago  
Too Much Info !! Who were the Angels , and why were they allowed to the evil devices they showed  
to man ? Who was responsible for their actions? You don't have to a rocket-scientist to come up  
with a viable answer , if you can think...Read it well Christians , Jews, Muslims and all of you  
Abrahamic children.. Read and weep, for all your sins which your God enabled you to discover .The  
fallen angels , helped man to fall into the snare of a perverse mind.. Stop making excuses for you  
horrible actions in the past read the " Rest of the Story " as Paul Harvey use to say..The Truth will  
make you free, embrace it ...Very informative reading..

I have got this book and only started to read it...and as I was expecting it to be is a very well detailed  
and interesting piece of documentation. It is a required taste of reading anyway, it is good if you are  
interested in finding out about all the cover ups, conspiracies, changes of the scripts of the bible as  
a great way to brainwash the human kind with lies and false interpretations of the original texts, and  
also all the evil things done by most of the very well known clerical sects..eg ( Catholich and Jewish  
etc. ) . This book is a used copy but it arrived in phenomenal conditions and the delivery times were  
very well respected...over all, 5 stars...i am very happy with it.

Totally amazing products, as is & else...

Last month I heard about and read the Book of Enoch after my Bible thumping mother, mentioned it  
years ago. I was blown away and from that book, I instantly understood religion and the world's  
events. I wanted more knowledge and I ordered this book. I am still making my way through this  
book, which has over 500 pages of material but I am taking my time and really taking it all in instead  
of reading like I did when I was in college which was to scan and still manage to pull out an "A" on  
essays.Like the book of Enoch, this book makes alot of people hostile because it goes against the  
status quo-like Jesus did with the Jews and like Enoch does with Church leaders and even the New  
World Order people of the financial system, major oil companies and corporations.What is lacking in

so many Protestant faiths is their lack of teaching on Angels & Demons. Hollywood mocks it, Catholics half-azz teach it and Jews are simply afraid and hostile towards many of Christ teachings-which have always been recycled. Ever since reading the Book of Enoch, most of my deep understandings come in the mornings after sleeping on the info and this book is no different. It is inspired. There's just people that are past the point of no return and ANYTHING that addresses the truth brings out hostility in them. The fact that we have about 10 families which =about 200 people (from all backgrounds) running this planet and the world's populations into disease, war, hunger and death should mean that Enoch would be back included into the biblical text but then again, the anti-christ are also men of the world's religions. If anyone thinks that Protestants and Mormons aren't a man-made faith-but question Enoch, then you're simply too far gone so don't even try to grasp higher learnings and teachings.

These are the complete works of Enoch for half the price under the Enoch titles. I have compared them and this book is the translation, WORD FOR WORD, of other Enoch titles for half the price. After reading this book, I wondered just how much of the 2 old religions had stolen from Enoch and credited to someone else? This author even showed how much Jesus had taken from Enoch as his own. Is it all true? Makes you wonder. A good read whatever the case.

Prophet gives us some interesting information about why church fathers suppressed a lot of writings. It helps create a picture of the origins of the church as well as describes some of the paranoia and closed-mindedness that was prevalent in the forming of the church. This is a very interesting book.
