## Customer Reviews

Being a teenager is tough enough, but imagine that you're a teenager with a secret that could cause those you care about to be killed. It's best to remain off the grid, but you still need to redeem yourself from a shocking past. This is the premise of the first installment in Emma Carroll's exciting new series. There's a surprise a minute as Emily Brelin tries to fulfill her promise to her former guardian and resigns herself to the adjustments and danger this will require. Emily, a.k.a. Jessie, is a quirky heroine who keeps the reader rooting for her and wondering about her past. Vick is a top-notch police detective who's clueless about parenting. I think the reader will want the two of them to make it work in the end. I know I do!

In this first installment of the Tacket Secret we meet Emily, a young teen, and Detective Tacket who are both exceptional human beings, but not so much when it comes to relationships with the people around them. This novella focuses on the first leg of their journey together, and while the initial conflict is resolved, you can tell we have only begun to scratch the surface of all the secrets each of them hold. This YA Christian Suspense is perfect for your teen or young adult.

The Emily character is so intriguing! I loved the little hints along the way about who she is and what her secret is. Looking forward to the next book to learn more about her.

This is a wonderful book! Though written for a young adult audience, I found myself immediately drawn into the story. The writing is clever and fast paced and holds all the promise of a very captivating read. I am very intrigued with the admix of sci-fi and faith and I can't wait to read the rest of the series. I highly recommend this book as it is sure to please readers young and not so young.

This was a very fast and moving book. It didn't take long to read and Emily is a unique girl that is just trying to stay safe.

This book had me hooked from the beginning. The first two sentences got me! I never thought Emily would be what she turned out to be. I want more! Thanks for such a great read!

Loved it. Can't wait to see more from this author.

Very approachable and easy to pick up. Once you pick up, though, you won't be able to stop - very engaging.
