This comic was so awesome. I was biting my nails on that last part. I thought that Matthew and Duncan were gonna get captured and sent back to prison

It's really good but it's really short it's like 12 pages at least it's free. So if you want a cool but short book than here you go

I am better at minecraft than this guy. He made a wooden pickaxe when he could have made a stone one and then he didn't even grab the armor that was in the chest. The worst book I have ever read

The book was awesome I loved when Steve and the other dude said it was a good day and Herobrine said Steve's annoying.

Your book was extremely cool ! But please please I have a favor it's to hope that you write a free handbook that has everything about Minecraft and your amazing stories about Minecraft . please I love your amazing stories !!!

When Matthew said give blocks he had armor in his picture but when he looked in his inventory he had no armor can't you at least double check and it is so short

The leg in every way of Creeper Slayer has been broken and hurt but has just made an amazing recovery and wrote his final book Blood and Death

Where's the fifth book? I love these comics but can you make more of them. I left off at prison break but where's the fifth book???
