## Customer Reviews

Insight Guides are generally good value, informative and with stunning pictures... Insight Compact Guides however are not as good. The photos - Insights main advantage - are small and the text is edited to a minimum. You can see while comparing normal and compact guides to some destinations that have both (like the Bahamas). So if you are just coming for a short stop in Tahiti this guide will do, but if you really plan to explore, forget the photo advantage (you'll make your own) and go for the Lonely Planet or Frommer's guide.
