Since its establishment in 1922, the American Football Coaches Association has provided a forum for the discussion and study of all matters pertaining to football and coaching. It also works to maintain the highest possible standards in football and the coaching profession. These objectives were first declared by founders Major Charles Daly, Alonzo Stagg, John Heisman, and others have been instrumental in the AFCA's becoming the effective and highly

respected organization it is today. The AFCA now has more than 10,000 members, including coaches from Canada, Europe, Australia, Japan, and Russia. Through annual publications and several newsletters, the association keeps members informed of the most current rule changes and proposals, proper coaching methods, innovations in techniques, insights in coaching philosophy, and business conducted by the board of trustees and AFCA committees. A convention is held each January to give members a special opportunity to exchange ideas and recognize outstanding achievement. The association promotes safety in the sport and establishes strong ethical and moral codes that govern all aspects of football coaching. In addition, the AFCA is involved in numerous programs that ensure the integrity of the coaching profession and enhance the development of the game. The AFCA works closely with the National Collegiate Athletic Association, the National Association of Collegiate Directors of Athletics, the National Association of Intercollegiate Athletics, the National Football League, the National Football Foundation and Hall of Fame, Pop Warner, and other organizations involved in the game of football. Indeed, one of the goals of the association is to build a strong coalition of football coaches—Team AFCA—who speak out with a unified voice on issues that affect the sport and profession. The AFCA is the team of the football coaching profession. All current and former football coaches or administrators involved with football are encouraged to join. For more information about becoming a member of the AFCA, please visit the AFCA Web site (www.afca.com) or write to the following address: American Football Coaches Association, 100 Legends Lane, Waco, TX 76706 (254) 754-9900

This book doesn't have the greatest Xs and Os. It doesn't plan workouts or practice schedules. But it prepares you to coach like no other book I've read before...or since. This book talks about why people coach. It takes a philosophical approach, and I think it's especially helpful for new coaches (like I was when I first read it) to prepare for all the things that you may not necessarily be prepared for, for things that you may not even know you SHOULD be prepared for. I've read a few coaching books in the last few years, both for strategy and philosophy. This is the only football coaching book I didn't get tired of reading. I would recommend this to any coach, aspiring or veteran, to keep close to them at all times.

It was the best of books, it was the worst of books. The first half of the book is timeless, hitting on principles from great people. The second half of the book are details that feel as stale as toast. When it was first written, it was probably the bomb. I wish the chopped off the second half and instead called it "Principles of Winning Football Programs".

I was hoping for something that would help a first time coach in pop warner organize practice for 1st year tackle youth players. This is much more around administering a complete program.

Both my Husband and Son are Football Coaches!!!! They both are very happy with these gifts I gave them!!! They read them everyday and get quotes from them to relay to their players...Thanks!!!

The book is more of a coaches philosophy on coaching football. No game plans in the book. I suggest to try the other books on game planning or strategies.

My brother is the head coach for Tarleton state in Stephenville, TX and he loved this gift from me

So good I stop reading the kindle version and ordered the printed version so I could take notes and copy the play so I could use them. Highly recommended

Bought this for my coach husband. Even though it isn't newly released, he still is finding lots of useful information in it.
