Reading and listening to short stories is an effective and enjoyable method to learning Spanish. The audio is FREE! For those of you who can't ã ã just slip away from life, travel to Spain and immerse yourself in the language in order to learn it, this is your solution! Reading and listening to native-spoken Spanish stories is the next best thing. You have at your fingertips the written word AND its ã ã accompanying audio recording ã ã that allows you to: Gain a greater vocabulary ã ã that you can use immediately, every day. You will add 1,500+ Spanish words and expressions to your repertoire through the encounter of descriptive sentences and casual conversations woven throughout the stories. Sharpen your comprehension of the spoken word ã ã by listening to a ã ã native Spanish speaker. Learn how to pronounce Spanish words properly by comparing the written word to the audio recording. Familiarize yourself with a wide range of grammar structures and put them to use today. Avoid the monotonous task of memorizing grammar rules. How awesome is that?! Recommended for beginning and intermediate level Spanish learners. The stories are written for new Spanish learners. However, a basic understanding of Spanish is highly recommended to achieve maximum enjoyment and effectiveness of the lessons. This program is perfect for those who want to brush up on their Spanish language skills. How will this book improve your Spanish language skills: Each story is recorded by a professional. The speaker speaks slowly to help beginners improve their pronunciation. You receive 2 hours of MP3 audio recording! There is ã ã no need for a separate dictionary. Each story is broken down with a Spanish and English glossary that introduces you to the words and phrases you might not understand. Any Spanish to English translations needed to understand the stories are included in a mini dictionary, perfect for Kindle. A vocabulary recap at the end of each chapter allows you to ã ã review what you have read and listened to ã ã so you don't ã ã forget the essential words and expressions taught throughout the lesson. All stories are written using vocabulary that you could easily use in your day-to-day conversations. With these 11 great Spanish short stories and the accompanying audio you can start improving your Spanish today!

Customer Reviews

I studied Spanish in school and the stories in this book are an entertaining way to refresh rather than just reviewing vocabulary lists or verb conjugation charts. The one small change I think would make is putting the key vocabulary words before the story but otherwise this is an excellent option for someone attempting to brush up on the language.

The book contains a total of ten short stories that revolve around daily themes that are in Spanish as well as English. This book gives us an effective way of pronunciation as well as an English glossary in case if we do not know the meaning of such words. Each chapter contains a quiz that summarizes the story that you have read. Afterwards, the book gives you a summary that you can compare with your own understanding of the short stories. The message behind this book is to have one language that set you in a corridor for life but with two languages, it can open every door along the way (Frank Smith).

I decided to buy this book to brush up on my Spanish since I haven't studied it in a long time and I still consider myself to be a beginner to the language. The book itself is fairly simple for beginners and it has a glossary after each story for complex vocabulary. However, I would not recommend this

book for complete beginners, as not all the words in the stories are translated. If anything, it is helpful for those studying Spanish already and need an extra studying boost. Otherwise, this book is great for those willing to study Spanish!

This book was a perfect refresher to my Spanish language skills! It provided great real world short stories and guided me through the conversation. It was easy to follow along and complete the quizzes at the end. I also like being able to hear a native speaker to better tune my abilities

I needed to refresh my memory since i haven't practice Spanish in while , spent a couple months in México, this books helped me to remember several words i forgot the meaning. What I like about this book is that it gives you a vocabulary at the end of each story and also highlight the verbs. The stories are entertaining and very relatable to everyone's daily life. Definitely recommend this book for those that want to continue practicing Spanish.

I think that it is neat that they are teaching you the Spanish language through short stories and the Spanish-English dictionary along with the audio was a really helpful as well. The ebook is very innovated.

Spanish: Short Stories for Beginners was an educational and enjoyable read. The stories were neither too monotonous, nor too simple. However, I don't know that a true beginner would be able to read it easily. Certain words in each story are given the English translation, but other words you are expected to know. I took four years of Spanish in high school six years ago. Much of the language came back as I read, but a few of the words I had to look up. I think this book would be great for those such as myself, just looking to brush up on Spanish. Overall, I really liked it, and I LOVED that it comes with audio. The only thing that bothered me was that the page numbers were completely off.

I took Spanish all throughout high school and was interested in this book because I want to refresh my memory. I like the way this book is laid out in small stories with helpful little vocab lessons. This is great for people who want to get back into it!
