God Bless My Boo Boo (A God Bless Book)

Synopsis

God Bless My Boo Boo is the perfect remedy for healing little hurts with a healthy dose of love! Even the smallest scratches, bumps, and scrapes can sometimes be traumatic for children. When simple injuries happen, God Bless My Boo Boo is like a warm hug that helps ease the pain. Comforting, sweet, and sometimes silly rhymes guide readers through adorable scenes of baby animals and their boo boos and remind children that God is there to help. Just like Mommy Zebra makes a scraped knee better or Mommy Walrus helps tend a toothache, real moms will be able to use this book to make their little ones boo boos all better too! A perfect gift for new parents and a great addition to every mom's first-aid kit! Trim Size: 7.75 x 7.75

Grade Level: Preschool and up

Customer Reviews

Hannah C. Hall estimates that she has read approximately 4,500 bedtime stories to her children over the last few years. She is thankful to get to add her own books to their daily rotation. Hannah and her husband, Josh, have five children and live in a small town in Arkansas. Steve Whitlow lives in northern England, on the top of a (very) windswept hill, with his wife and young family. Steve followed his artistic calling from an early age and was first published at age 16, producing vibrant characters for greeting cards and then children's publishing. With no formal art

training and only his natural talent, Steve has now been working as a professional artist for more than twenty years. "My kids are my critics," says Steve. "The best reaction I can hope for is an exclamation of 'Cool, Dad!' from either Sam or Ethan or both."

We love all of Ms. Hall's books! They are very nice, quality board book with padded covers - perfect for little hands to hold and cuddle. My youngest frequently takes one to bed with her, and I don't have to worry about the rounded corners poking her in the face when she falls asleep. This one is another great addition to the "God Bless" books - the illustrations are sweet and run the gamut of childhood bumps, bruises, and aches, and the overarching message of "God cares about ALL my boo boos!" is a reassuring one that toddlers need to hear and be reminded of: God cares about ALL our worries, no matter how small they (or we!) are. Definitely a great book to include on your baby/toddler/child's bookshelf!

maybe not the most amazing children's book. But, considering the intended age group, it has God as an overseeing care taker. Like God's there for whatever happens, even when you're hurt and it's sad. Good pictures, well made. It's okay.

Got this today for my grandbaby and it's a sweet book. I'm sure it will be read many times

My family has purchased all of the God Bless books. They are fun to read and my toddler frequently requests these books to be read to him over other books. The artwork super cute. I highly recommend these books to anyone who has children. They also make great baby gifts. It is so great to find good books that teach children about God's love.

love love love it

This is one of the cutest picture books I've seen. The illustrations are great and the content is perfect for the topic. Every imaginable boo-boo has been covered, I think, and the words can offer so much to little children--reassurance, comfort, preparation. What a wonderful book for parents to read to their preschoolers. I witnessed the eyes of a few target-age children light up when they saw the cover. This book is a winner!

Nice illustrations and thoughtful rhyming verse. As a former elementary school teacher, I've suffered through some children's books that seemed irrelevant. This is one of my favorites to read to my 22 month-old granddaughter.

This book addressed every way a child could get a boo boo. The pictures are large and bright. The words are comforting and leads a child to turn to GOD at all times. This is a wonderful book. God Bless the author for writing it.
