# Vikings: History Of Vikings: From The History Of "Rune Stones" To "Norse Mythology" (Thor, Odin, Valhalla, Viking Religion, Swedish History Book 1)

## Synopsis

Who were the Vikings? Did they earn the reputation of remorseless raiders and greedy pirates? Were they more than the mere barbarians and plunderers that history makes them out to be? Find out the truth about the Vikings with *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart. Stewart takes you beyond rumor and speculation and into the real world of the Scandinavian seafarers known as the Vikings. You'll get the true story, not an oversimplified Hollywood myth. You'll learn: Who the Vikings were and why they raided their neighbors How the Vikings used runestones to tell stories about the gods and themselves What life was like in the Viking Age for an ordinary Viking family What Vikings at war fought with and lived and died for About their myths and their pantheon of gods including Freyja, Odin, Thor, and Loki With *History of Vikings: From The History of "Rune Stones" to "Norse Mythology"* by Michael J. Stewart, you get more than a simple history. This quick dip uses the study of archeological findings and surviving collections of prose and poetic works to paint an accurate picture of these famous people. Stewart presents the facts; it's up to you to draw your own conclusions. Don't dismiss the Vikings as heretical barbarians. Learn how they really lived. Scroll up to get your copy now.

## Customer Reviews

The book opens with a scene many of us have played over in our minds when the word, Vikings, is mentioned - that of large, chain-mailled men swinging axes and ripping off the arms of even women who stand between them and anything they wanted to take as a prize? After the recap, the author poses the question of whether or not this group of people really were that type, and did they deserve to carry that image forever? I had never given it a thought, so from the first page, my interest had been captured. There are many aspects of this book worthy of mention: the dates, locations, names and historically accurate information, without a doubt, are some of those things. But the author did such a great job in the writing, it felt as if we were having a conversation in which I actually learned a few cool facts about the Vikings - this did not feel like a lame history lesson, although it could certainly be used as a source for additional information if a history report had to be written for school. I will be keeping this book.

Review: VIKINGS: HISTORY OF VIKINGS by Michael J. Stewart A fascinating, even exciting, look at the history, culture, nature, and mythology, of the early Scandinavians or Norse: the Vikings. This compact yet inclusive history is one I expect to return to often. Well-written and succinct, this book is a great introduction as well as a refresher review of the culture of old which gave us the Runic Alphabet, raids, and an interwoven mythology.

There is so much about the vikings I did not know. The runestones were such a varied concept. I did not realize that they were used to convey history and legends about vikings past deeds. To see how the Gods were interacting with each other and the monsters of the time was fascinating. This was a great read. Of course, I would have liked it to be longer. I want to know more about these mysterious people from the North.

Very Interesting book. With Vikings being all the rage with the Vikings TV show on the history channel and Game of Thrones I chose this book to get to know more about the culture and the times. Highly recommend reading this one!

Wow I never knew this, The vikings were savage and intelligent at the same time. Seems we still

have this pattern in our daily life. We just don't see it that way in everyday life. Now I want to research these facts. Great short read. If you love history this is the way to go.

A really good book about viking history. It describes different aspects of vikings, from the most notorious pirate images to explorers and warriors. Quite interesting.

I really enjoyed this book. I love all things about mythology

Loved it!!
