THEODOR SEUSS GEISEL—•aka Dr. Seuss—•is one of the most beloved children—•s book authors of all time. From The Cat in the Hat to Oh, the Places You—•ll Go!, his iconic characters, stories, and art style have been a lasting influence on generations of children and adults. The books he wrote and illustrated under the name Dr. Seuss (and others that he wrote but did not illustrate, including some under the pseudonyms Theo. LeSieg and Rosetta Stone) have been translated into thirty languages. Hundreds of millions of copies have found their way into homes and hearts around the world. Dr. Seuss—•s long list of awards includes Caldecott Honors for McElligot—•s Pool, If I Ran the Zoo, and Bartholomew and the Oobleck, the Pulitzer Prize, and eight honorary doctorates. Works based on his original stories have won three Oscars, three Emmys, three Grammys, and a Peabody. From the Hardcover edition.

All of the pages are transparent! How do you overlook or are not bothered by that!? Kind of hard to enjoy the story when the illustrations on the back of the page are showing through. I wish i could return this for a better quality product.

I bought this as a birthday gift for a little girl that doesn't have that many books and the books weren't in the greatest condition. Most of them were written in and more than just the front cover. They were written in throughout the books. We were disappointed.

Dr. Seuss was my favorite growing up as a child and also my favorite to read to my children when they were growing up so of course when the opportunity arose to purchase a gift for one of my young relatives I jumped on this collection. If you have never read Dr. Seuss do yourself a favor and get any of the books and read them out loud to your kids. You will both have a great time.

These are the same books that I had as a child. I bought these as a gift for my nephew, and I know there have been many hours of joy brought to his young life while learning all about Dr Seuss stories! Wonderful gift for any youngster, or anyone still young at heart. By buying in a group I saved some money, which is always a great selling point for me. These came in a nice little case to keep them all together, which when my nephew (he's three) gets into things, they end up everywhere!

Product arrived on time as expected but I did not get "Hop on Pop" instead a duplicate "Cat in the Hat". To be honest I got the set only because "Hop on Pop" is my husband's favorite book and he wanted to read it to my 18 month old.

My toddler loves these books. They aren't the full size ones you can get individually, but these are still a very good size, and actually preferable for my toddler's small hands. The silliness is as great as I remember as a kid, and the fun colors help keep my child engaged. I can tell these will help my baby boy learn to speak and read well.

I love Dr. Seuss! MY son will also love these books. Some of them are quite mouthfuls but I love the assortment you get. It has my faves of Green eggs and ham and One fish two fish red fish blue fish! If you love Dr. Seuss I highly recommend this starter set!

This is my go-to gift for baby showers. Always appreciated by the to-be parents, even though I

realize that when you are ordering and wrapping it, the books don't have the "aww!" look about them. At the last baby shower, I didn't know either parent very well but still gave these books - both of their faces immediately lighted up and they said, "We were just talking about how we didn't know what to read to a baby! Of course Dr. Seuss!" And the to-be daddy actually opened the package of books then and there. (Yay! My gift didn't bomb! Or they were just being nice, but at least it'll be used). :-)
