Corporations (Gilbert Law Summaries)

Synopsis

Gilbert Law Summaries are America's best selling outlines and have set the standard for excellence since they were introduced more than thirty-five years ago. It's Gilbert's unique combination of features that makes it the one study aid you'll turn to for all of your study needs! Walk into class prepared with a comprehensive outline of the law, a concise capsule summary perfect for a quick review before class, charts of every kind, a text correlation chart so that you can match your specific reading assignment to the relevant pages in the Gilbert outline, and an index and table of cases. Ace your final exams with a step-by-step approach to attack your exam, exam tips, and sample multiple choice, true-false, and essay questions.

Customer Reviews

Very Informative and too the point. Use by most to study for state bar exams.

had to get it for a law class, though this class is not my favorite I am learning a lot. is a great place to buy your school books!

Great book, Good Buy! Is thick but easy to read. The Summary is great!!. The contents are straight to the point. :)

Excellent book - I am glad I picked it up. It is concise and yet comprehensive - would definitely

recommend it .

This may be a fairly comprehensive overview of corporate law - but it's just not structured well for learning. I prefer the Issues and Explanations series of books because they give you different 'real world' or at least some examples of how the different rules might interact with the real world. they help you think and practice what you just read. This book is just page after page of outlined summarized facts of corporate law. You can get other people's (ie law students') corporate law outlines off the internet and have pretty much the same thing. The book does have a few 'essay' questions, but they are pretty short and very simple. There is nothing in this book beyond that designed to help you learn. If you want to pay \$\$ for a lists of providing information - then this is book for you. I suggest though, save your \$ on this one, get some free outlines and the Issues and Explanations book.

This is a very comprehensive guide to corporations, which deals with all the legal aspects of organizing, maintaining, and regulating a corporation, including that elusive "piercing the corporate veil" concept. However, if you are using this for a business law exam study aid, you will need to supplement it. There is nary a word in it regarding agency or partnership, which any comprehensive business law survey course will most certainly touch on. If it had, I would have given it five stars. Just be warned when ordering--it isn't all there.

The other reviewer did not know about Gilbert's Agency book that you would have to use in order to have a complete guide in understanding Business Org. I gave it a 5 star to help with the rating due to the other reviewer's failure do the extra .com reseach in finding the other Gilbert (Agency) book. All in all, Gilbert did a great job of helping law students understand Business Org in all of its complexity.
