The Adventure Bible NIV and Adventure Bible for Early Readers NIV are complete Bibles from Zonderkidz, with numerous educational features and illustrations for children. Both books offer the

full text of the Bible (New International Version) along with teaching sidebars such as: "Words to Treasure", "Did You Know?", "Life in Bible Times", "People in Bible Times", and "Live It!". A Subject Index, Dictionary/Concordance, and Maps offer added useful tools. The Adventure Bible NIV is suggested for 9-12 year olds. Indented thumb tabs and a "How to Use This Bible" introduction will help young readers get started on their exploration of God's word. The Adventure Bible for Early Readers NIV is the New International Reader's Version with slight modifications in the reading level to accommodate the intended audience of 6-10 year olds. These handsome hardcover books are brightly illustrated with eye-catching drawings and graphics, and there are so many features to keep children engaged that either book is likely to be thoroughly perused and revisited. However, the pages are quite thin and will require careful handling by eager fingers. As with any full Bible, in the context of Scripture there is frank mention of drunkenness, nudity, and sex that parents may not expect to see in a children's edition, particularly the NIV. Nina Ditmar, CLJ (Christian Library Journal)

In this revised edition of The NIV Adventure Bible, kids 8-12 will discover the treasure of God's Word. Filled with great adventures and exciting features, The NIV Adventure Bible opens a fresh new encounter with Scripture for kids, especially at a time when they are trying to develop their own ideas and opinions independent of their parents. Designed to spark curiosity, look for these in-text features: "Life in Bible Times" helps kids understand what it was like to live in Bible times. For visual stimulation, each box includes a color picture. "People in Bible Times" helps readers to sort out Zechariah from Zephaniah, Jehoshaphat from Joash. "Words to Treasure" highlights popular Bible verses for kids to memorize. "Did You Know?" points out many of the interesting facts and figures found in the Bible. "Let's Live It!" suggests activities, such as acting out a story or drawing a cartoon to reinforce the Bible lessons.

Dictionary/concordance for those tricky words. In addition to these great features, check out the Book Introductions for basic facts about each book of the Bible (who wrote it, where it took place, and why it was written), and full-color pages throughout with more interesting information about the Bible and what it means to be a Christian. With all these great components, no wonder The NIV Adventure Bible is one of America's best-selling classics; 2-million in print; now updated and improved for ages 8-12! --This text refers to the Imitation Leather edition.

We cannot be more pleased with this bible! It's absolutely beautiful! On nearly every page there are colorful little blurbs that help emphasize a passage or ask a "Did you know?" type of question that

my son (8 yrs) really enjoys. The type is not too small, either, which was his complaint about other bibles. He's been reading his bible multiple times a day and has even tried to carry it with him to his baseball game once. You will not be disappointed!

I have been looking for a Bible for my daughter. They use this one at church with the kids at Awanas. I like the tabs on the side of the bible, which help in locating the different books in the bible. I like the summaries at the beginning of each book giving a small background about the author, the book, why it was written, and important passages. I also like the "Did You Know" questions and "Words of Treasure" throughout the bible. "Words of Treasure" are great verse for kids to memorize. This is a great bible for a middle school aged child.

My daughter is only 6 but she reads way above her class level. I was hesitant to buy this for her because the recommended ages are 8-10, but she does perfectly with it. I even like using it myself, because it isn't too babyish but clarifies things nicely.

My Son needed it for his class, and this particular version was recommended by his school. Product was delivered on time with no damages, it was well packaged and secure. There weren't any rips or tears. Easy for younger children to read and follow along. My son enjoys reading this particular bible.

This is an adult bible that has been designed to interest children. I purchased one for myself and two of my adult friends. There is lots of thought provoking questions, and lots of color on each page. It makes it very visually appealing to read also. I highly recommend this Bible. It has lots of study helps and maps at the back All the things that can develop more involved Bible study.

Perfect Bible for my 9 year old grandson. He reads quite well and I think (hope) he's ready for a "real" Bible. The cover is a nice pliable imitation leather (I personally dislike hard covers on Bibles). I'm not certain, but even though it's an NIV (New International Version), the text might be a little modified for young readers. Why I think it's appealing for young readers is it has colorful pictures and some full-page suggestions on readings, as well as very cute "Did you know" explanatory comments scattered throughout the books. The comments are not as in-depth as in a study Bible, but offer easy to understand explanation of Bible verses. In all, I think this is a fine transition for a young "tween" before moving on to an adult-version Bible.

My kids absolutely love these Bibles. There is something to keep their attention on almost every page... Interesting facts, questions to think about, etc., the indexed pages give them that extra little boost if they're not quite sure where the book is.

Bought this for my son to bring to church with him. He adores it and reads it all the time at home. He's 9 and its very clear cut for him (he's new to reading the Bible so I felt this was a good place to start.) I really wish I'd have had this as a child, it would have helped me grasp understanding it a lot sooner.
