Color Atlas Of Head And Neck Surgery: A Step-by-Step Guide

Synopsis

This surgical atlas, featuring a wealth of color photographs, provides detailed step-by-step descriptions of a wide range of open head and neck procedures, including radical and conservative (organ preservation, functional) approaches, aesthetic and reconstructive surgeries with the use of axial and free flaps, and surgery within the narrow confines of the skull base. Individual chapters are dedicated to surgery of the nose and paranasal sinuses, larynx and trachea, thyroid, salivary glands, mandible, face and lips, and neck, the repair of external nose defects, the use of axial and free flaps, and surgical treatment of temporal bone malignancy. The atlas will be a comprehensive practical reference for clinicians in the various specialties involved in head and neck surgery, including otolaryngologists, head and neck surgeons, plastic surgeons, maxillofacial surgeons and surgical oncologists. It will assist practitioners in achieving the high level of competence that is essential owing to the large number of vital structures in the head and neck region.

Book Information

Hardcover: 180 pages

Publisher: Springer; 2015 edition (July 12, 2015)

Customer Reviews

This surgical atlas, featuring a wealth of color photographs, provides detailed step-by-step descriptions of a wide range of open head and neck procedures, including radical and conservative (organ preservation, functional) approaches, aesthetic and reconstructive surgeries with the use of axial and free flaps, and surgery within the narrow confines of the skull base. Individual chapters are dedicated to surgery of the nose and paranasal sinuses, laryngeal surgery, thyroid surgery, surgery of the salivary glands, surgery of the mandible, surgery for temporal bone malignancy, facial plastic

surgery, neck dissection, and surgery of the lip and oral cavity. The atlas will be a comprehensive practical reference for clinicians in the various specialties involved in head and neck surgery, including otolaryngologists, head and neck surgeons, plastic surgeons, maxillofacial surgeons, and surgical oncologists. It will assist practitioners in achieving the high level of competence that is essential owing to the large number of vital structures in the head and neck region. ã Æ

Siba P. Dubey, MBBS, DORL, MS, is Professor and Head, Otolaryngology, at the School of Medicine and Health Sciences, University of Papua New Guinea and an ENT Consultant at Port Moresby General Hospital. After gaining his MBBS from Bankura Sammilani Medical College & Hospital (under Calcutta University) in 1984, Dr. Dubey undertook residencies at the Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh, India. He subsequently became a Postgraduate Fellow at the ENT Clinic, University of Vienna, Austria, where he gained his Diploma in Otorhinolaryngology, and in 1995 he was appointed Senior Lecturer in Otolaryngology at the School of Medicine, University of Papua New Guinea. His surgical activity includes head and neck oncological surgery, oncologic and non-oncologic head and neck reconstructive surgery and microscopic and endoscopic otologic, neurotologic, and skull base surgery. In 2011 he was awarded the Australian Society of Otolaryngology-Head and Neck Surgery Medal. Dr. Dubey is the author of almost 60 publications. Charles P. Molumi, MBBS, DLO, MMed (Otorhinolaryngology), is a Specialist Otolaryngologist and Head & Neck Surgeon at Port Moresby General Hospital, Papua New Guinea, where he is Deputy Chief Ear, Nose, Throat & Head & Neck Surgeon. Dr. Molumi is also an Honorary Lecturer in Otorhinolaryngology at the School of Medicine and Health Sciences, University of Papua New Guinea, where he is involved in teaching the undergraduate curriculum and the Postgraduate Diploma (DLO) and Master of Medicine (MMed) (Otolaryngology) programmes. Upon receipt of both his MBBS (1998) and his MMed (2006) from University of Papua New Guinea he was awarded the RACS Gold Medal for the best candidate in Surgery. Dr. Molumi is the author of seven publications.
