# Destiny 1: Life Choices: From The Evei Lattimore Collection

## Synopsis

Award winning Author Blue Saffire presents from her Evei Lattimore Collection Destiny 1: Life Choices Book 1 in Destiny the SeriesMy Name is Taliyah. I was young and foolish with a crush. I didn¢â ¬â,,¢t know that the one night I decided to take things into my own hands, would change the course of my life forever. I knew what I wanted, I wanted Alex, but somehow, I ended up with Victorââ ¬â,¢s attention instead. Little did I know I would fall in love with them both. Things weren¢â ¬â,,¢t as simple as they seemed anymore. My series of poor choices led me into Victor $\hat{A}\phi\hat{a}$   $\neg \hat{a}_{,,\phi}$ s arms and that was where thought I planned to stay. I had to make a final choice, and I did. However, the Universe stepped in to make my ultimate choice for me. They say you only live once, but does that mean you have to love the same way? \*This is Book 1 in the Destiny series from the bestselling, award-winning author Blue Saffire. This book completely surprised me!!I started this book and initially I didn't like Taliyah. I told myself "I don't know about this book." Then I met Victor, and once again I said "I don't know about this". It wasn't until I hit the 50% read mark that I realized I HADN'T STOPPED READING THE BOOK!! It is one of those books that wraps you up in it and does not let you go. I couldn't put the book down. I love when a book I wouldn't usually read, captures me. It reminds me that in every book is a unique story. And man, did this one have me ugly crying. Well done!!!!

...means that the future is up in the air, and whatever is going to happen, is going to happen. That's what Taliyah and Alex had to learn with what happened. Even though they were attracted to each other, Victor wanted some semblance of happiness even if it was for a short period of time. Victor desperately wanted a family of his own to be a part of. He knew his time was short and also new that Taliyah was the best person to have a HEA with. Alex seeing this stepped aside for his brother. As fate would have it, Taliyah and Alex were able to have their own HEA. My heart just hurt for Victor. He so desperately wanted to be normal and love and be loved. Blue actually made me cry in the end. She was able to put in words the raw emotions I was feeling when Victor was killed. Great job Blue. The emotional highs and lows in this book had mine swimming.

Let me just say...I didn't think I could read anything better than what Blue Saffire has written, but this book by Evei Lattimore is the real deal. You wanted to hate Victor in the beginning but you can't. He is loving and sensitive along with BOSS he has to be. Tali was in placed in a difficult situation, but she dealt with it. Oh my gosh, Alex is a caring and loyal friend who has his goals set. Loved loved loved this book. Can't wait for the next!!!

This book had me full of emotions! In the beginning I hated it. I hated the fact the Thalia didn't get Alex in the beginning, I hated how Victor was taken away but, I loved the way Victor loved Thalia! I loved the way everyone out their wants on the back burner for someone to have what they have always been denied! I'm glad they all got their HEA however, I still think that Juan caused more of the drama than what was written... Needless to say I Loved This Book And All The Emotions That

Came Along With It ....

I love this author books cant wait for the next book in the series.

This story is about destiny in reverse. The original destiny for Tali and Alex didn't occur until later after life had stepped in. Victor knew how to run the street and knew pain. He only knew love in limitations until he crossed paths with Tali. With her, Victor could grab, have, and live life exactly how he always wanted with someone to love and who loves him. Victor wanted to do right, but he was scared to let go of the only way of living he knew, the letters proved that. My heart broke for the loss that they had to grieve, but love and destiny for Tali and Alex was revealed. It could all be seen as moving very fast, but the love and feelings were already there. The couple just experienced how time waited on no one, so they wanted to started living their lives sooner rather than later.

what the....i just want to start this off by saying i LOVE BLUE SAFFIRE!!! HER BOOKS GIVE ME LIFE! but what was this? the h was immature, catty and weak. She let the H run all over her, control her every movement, and when she did finally stand up for herself it quickly was forgiven with a few whispered words and gifts. The h thought herself better than every woman around her. what kind of friend thinks "I look better than all my friends". i really tried with this book and was going to give up but i read it gets good around 50%, that was a complete LIE! i finished this book and wished i had stopped when i first thought about it at like 20%. One more thing! the h was having an emotional affair the entire time with the H's best friend. i do not know what happen with this one Blue but this was a big no for me

I'm about 99% sure that this wasn't written by Blue Saffire. I've read all of her work and I just don't see her writing this hot roasted mess. The book starts off with the lead female character described as a college student trying to get out of the hood. Within a few pages she quickly becomes a teenage girl that lives with her mother and suddenly becomes the property of the local gang member. Maybe the extreme immaturity of the characters was what the author intended. It just felt like I was reading a hood tale with a 13 year old girl as the lead. I'm mean seriously she pouted because he didn't get her ice cream on their first date. I got to 20% and started skimming. Gave up about 40%. Maybe in the next installment she's an adult. I tried....I really tried.I'm still looking forward to Sam's story from the Legally Bound Series.
