The Poker Joke Book

Synopsis

Ah poker! Surely there is no more ridiculous pastime in which otherwise sensible adults amuse and abuse themselves. The thrill of the cards, the joy of the win, the despair of the loss, and the complaining of the bad beat . . . all of which make poker such a thoroughly exciting and dynamic dance of silliness. Some people take poker rather seriously however, and those people are often the most unintentionally hilarious of all. Hence the creation of this poker book of jokes! Undeniably the best poker book of jokes ever written! (Also the only one!) In the many years I've spent happily wasting my time and money at poker tables around the world, I've heard just about every poker joke known to either man, donkey, or fish, and I've collected them for posterity in this mighty tome. I hope you enjoy them! (And I hope even more that you annoy your friends with them at your next poker game!) Happy reading, Ashton Cartwright

Poker

Customer Reviews

Poker was never really my primary game in the past and I had no idea that it could be so serious until a group of friends started getting together to play once a month. The first time that I attended this "informal" gathering, I promptly lost all of my money and most of my sense of humor. I absolutely love author Ashton Cartwright's collection of jokes in "The Poker Joke Book". Not only are many of these surprisingly original and funny, but they are varied as to the types of jokes so that you can tailor them to your particular audience. Definitely recommend this one.

This book was quite amusing and had some good jokes. However, it was disappointing that there were so many typos in such a short book. There were too many like this: "What's the difference between loose a poker player and hooker?" So it's five star for the jokes and three stars for writing and editing. An average of four stars.

Want to be the most annoying yet most hilarious person sitting around the table at your next poker game? Then pick up a copy of "The Poker Joke Book" by Ashton Cartwright. This flagrant and funny offering pokes fun at a game too many of us take seriously "and it does it well! With full understanding of the amusement and abuse of such a sport, there is little tongue in cheek as the pages progress with jokes landing on heaven, hell, relationships, friendships and even pets " yet all featuring poker. Whether you are looking for a long paragraph joke or a zingy one liner, this book has you covered. Cartwright has made it easy to be the most popular one at the table " or the most hated!

Great collection of jokes, some new ones to me, a fun read.

Great Book I love Mine

more of a booklet than a book...can be read in one sitting...some funny things but the size makes it a disappointment

If you're a poker player and want to get a poker book, this is pretty much your only choice. That's the bad news. The good news is it was actually pretty enjoyable. It's the sort of book I'd brush through before I went to a game with some of my friends, just so I could be the funny guy at the table, rather than just the guy who keeps losing. Loll

Well, I'm not exactly a poker pro or anything, and a couple of the jokes did go over my head, but 99% of them were pretty good. I didn't really get some of the jokes about tournament poker, but the rest I got and I liked.
