How To Save An Undead Life (The Beginner's Guide To Necromancy Book 1)

Synopsis

The Beginner's Guide to Necromancy, Book 1 Grier Woolworth spends her nights weaving spooky tales of lost souls and tragedies for tourists on the streets of downtown Savannah. Hoop skirt and parasol aside, it's not a bad gig. The pay is crap, but the tips keep the lights on in her personal haunted mansion and her pantry stocked with ramen. Life is about as normal as it gets for an ex-necromancer hiding among humans. Until the society that excommunicated Grier offers her a second chance at being more than ordinary. Too bad no one warned her the trouble with being extraordinary is it can get you killed.

Customer Reviews

This is the first book in the Beginner's Guide series, by Hailey Edwards. It introduces us to the life of Grier, a necromancer who has recently been released from prison. This being the first book, there are a lot of questions as to what happened to her and why she was in prison and who her "village" is. I liked this book. It's a good beginning and left me wanting book 2 to come out soon :) Grier is a smart, strong lead character. She has a great cast of characters supporting her that are well written and all have their own potential for novella or spin offs. The storyline is interesting, the pace is great and has you pondering what might have happened and who Grier is. If you are a fan of any other of

Ms Edwards, books (Fish out of Water series, Black Dog Series), you'll love this one!

I loved this book. Hailey is a very good writer. The characters were interesting; especially Grier and Boaz. I felt so much for Grier and what she had been through. I very much enjoyed her relationships with Boaz, Amelie and Keeley. Oh and Woolly of course! The plot was very well paced and I was on pins and needles for the last 20% of the book. I can't wait for the next one!!

I absolutely loved this book. I have read many books from Hailey Edwards and this book did not disappoint. We get taken into a story that is fantastically written about a necromancer and the world she lives in. I cannot wait for the next book.

Gosh, I love anything Edwards writes, and this new series presents another interesting character mixed with great worldbuilding. I really look forward to more books in this series. Great job!

everything she writes is pure gold. I can't wait to see what's next! Grier may be my favorite character yet...

Loved New Orleans setting & clever world building, and the zombie parakeet too. Can't wait to read about Grier's next adventure.

How to Save an Undead Life is a brand new series by Hailey Edwards. I fell into the mystery and dramatic adventure of who and what Grier Woolworth is. WOW I'm not sure where to start. This book is setting us up for one amazing adventure. Grier is thrown into the deep end and is not prepared for it. I felt for her. She's one hot mess with some serious PTSD. You might wonder what happened, well lets just say her past is a tragic one and she didn't have a chance. She also doesn't know her background, has gifts she doesn't know about, and everyone wants a piece of her. It's a emotional roller coaster ride for the reader and Grier. I liked the characters introduced and found them intriguing. The few friends Grier has are solid. I think she's going to need those friends in the future. I absolutely loved her house, Woolly. Most think the house is haunted, but I think it's more. The house is the only thing she has left of the caregiver she adored. We also meet Boaz, the neighbor boy and her long time crush. I'm not sure what is going on with these two. They where/are

friends and may have been more if the events from her past hadn't happened and now who knows where things will go. This one is filled with questions, answers, mysteries, more questions, and some nasty stuff that Grier isn't prepared for. I couldn't put *How to Save an Undead Life* down and I'm excited to see what happens next. Rated: 4 Stars*Disclaimer: I received a complimentary copy provided by Hailey Edwards with the sole purpose of an honest review. All thoughts, comments and ratings are my own.

Part of me doesn't know where to start with this review. I really really REALLY liked this book, but I was also incensed over the things Grier was forced to endure PRIOR to what happened to her here. Like, the lady never had a chance to be who she could have been when everything went down and I'm angry on her behalf. Properly incensed, as it were. Buuuut...all that crazy did reveal heretofore hidden facets of her abilities, so I GUESS I'll deal with it. On the other hand, her reintroduction to high society didn't prepare her AT ALL for the nasty that bubbled up. From where I'm standing, it seems like Grier is still being used with little to no say over where her future will take her. Much like the prison she was sent to. But that's another story for down the line, I think. For now, Grier's a hot mess trying to deal with some serious PTSD after her stint in prison, her few friends are pretty solid, but she doesn't want to burden them with what she went through, and both her past and her abilities remain shrouded in secrecy. Oh, and she's dealing with some seriously nasty stuff that she is entirely unprepared for. In other words, I totally can't wait for book 2! -Kelly @ Reading the Paranormal
