Caught In Crimson: Book Two Of The Sword Of Elements

Synopsis

WHAT IF YOU WERE THE MONSTER OF YOUR OWN STORY? Armed with Excalibur, Rhi has decided to join Taliesin and his adopted sons Daley and Tynan in Las Vegas. She needs to learn how to control both her ability to see magic as color, and her hunger to possess it, but from the moment she arrives, her mind is consumed with the colors of flame. As an ancient artifact of the earth magic calls to her with a fire she may not be able to resist - even as it threatens to destroy her - Rhi determines to find her mother, the earth witch Guinevere. But not all is as it seems in her new home, and as dark magic threatens one friend, and a haunted past threatens another, Rhi must decide whether her loyalties lie with humanity, or with her father Merlin, the Lord of the Grey Lands. The choices bound in magic are never black and white.

Customer Reviews

Wow! The story continues! You must read Bound in Blue first because there is too much back story

that you'll miss if you don't. I love books that blend mythology and legend in a fresh new way, and Heather Hamilton-Senter does this very well. I don't want to put any spoilers out so let's just say King Arthur is both more and less than you think. The main character Rhi is complicated - she is also both flawed and heroic, and I found myself very drawn to her. Now I just have to wait for book 3..... and hopefully many more books in the future from Heather.

I found this book exciting, I was constantly trying to figure out who would betray whom. My mind would not allow me to stop thinking about this book even when I had to put it down. I hate when reviews give away the story but I will say, I was very upset at the end. The direction the Author took with the story disappointed me and kept me from giving it 5 stars. I understand that good doesn't always win but some bonds should not be broken! I will get the next book in the series because the Author has made me need to know how it ends!

I loved Bound in Blue. Not really sure what happened with this one. She became so whiny and annoying. The lack of partnership between anyone was rather annoying as well. It was like no one was a good guy. I wasn't rooting for anyone because they all needed to get their act together. I will be reading the next one because Bound in Blue was so good and I'm hoping Caught in Crimson was just a filler and the next book will have more substance.

Rhi is trying to deal with all that has become her reality. Not feeling as if she can trust and depend on anyone other than Peter and not even he would understand all she's dealing with. She continues to struggle with her powers, much is lost in this installment and not much gained, except desperation. What is to become of Rhi, Daley, Peter, and the others...Will Merlin's schemes win?

Like the power of fire described in the book, I too devoured chapter after chapter. I eagerly await the next book. The small sniper we were given at the end for the next book has me wishing I found this series after it was completed. Another great fantasy novel of the struggle to understand oneself while growing and changing with life's curve balls.

This series just keeps sucking me in...just when I think I can put the book down, something happens and it pulls me back in! Love it!!

Rhi, Peter, Arthur, Tynan and Daley. Who is loyal to whom is a major question. The writing is still a

little complex to understand, but the storyline is interesting. Characters come and go, some more frequently than others. Rhi is an enigma into herself. I have finished book two and am anxiously awaiting book three. I'm hoping my understanding does it justice. I really want to see where this girl can go. Her power appears to be more complicated with each turning of a page.

was i wonderful book cant wait for the next
