My grandson, who just turned 10, loves these books! He is an avid baseball fan/player and loves

anything about baseball. It's so nice to see him (or any child these days) sitting reading a book rather than being glued to technology. I purchased the whole set (so far) for him and will continue to purchase books like these for as long as he's interested.

This is a great series of books, especially for young baseball fans. Each book is about a different baseball stadium and has baseball facts and history along the way. A great chapter series for elementary readers. Fun to listen on audio as well

Little Nats fans will love this book.

My grandson loves this series. He has all of them & can't wait to see if another one will be written.

Grandboys love his books! This did not disappoint! But they would love to see one about the St. Louis Cardinals :)

Thanks

My 12 yr old loved the 1st 3 so much that i've ordered all of them

My 7 year old grandson loves, loves these books. He read the first two and liked them so much that I ordered ALL of the remaining Ballpark Mysteries, including a pre-order of the book coming out in the Fall. He loves sports and a good mystery - can't miss with these books.
