The Rise And Fall Of The Roman Empire: Life, Liberty, And The Death Of The Republic

Synopsis

Arguably the greatest Empire to ever exist, Rome has indelibly left a significant mark on the modern world. The posthumous influence of the Roman Republic and Empire have no equal in all of history. Their varied culture, stunning art, brilliant philosophy, and towering architecture is embedded in our modern world. Roman innovation has left behind a legacy that has remained admired and emulated for over a thousand years. They built massive networks of roads before the birth of Christ. They constructed elaborate public sewer systems over 1,500 years before the United States became a Nation, and had networks of aqueducts bringing running water. Their tactics in battle are still studied by historians and military leaders of today. Their history is filled with great conflicts, compelling love stories, and the most treacherous of leaders. Hollywood has explored their culture time and again on the silver screen. Larger than life commanders like Julius Caesar would help shape their ultimate destiny. In his book entitled *The Rise and Fall of the Roman Empire: Life, Liberty, and the Death of the Republic* author Barry Linton highlights and explains the significant struggles and contributions that have made Rome so well known. Join us as we explore the meteoric rise, monumental life, inevitable death, and eventual rebirth of Rome.

Customer Reviews

Unique. The Roman Empire has a unique history and it is well and widely portrayed around the world. Different stories exist about the rise and the fall of this vast empire and the tale lives and will go on to live for a great deal of centuries. All the exciting facts, moments and stories are well captured inside the pages of this book, and I really enjoyed reading it. History can be boring sometimes, but this is something different.

A very interesting read. Written in a concise and clear language. I came out of reading this book more knowledgeable.

For a free book it was more than worth the time. Thanks for sharing.

Easy to read. A useful prep for a trip to Italy. This and Rick Steves help make Italy come to life.

Who doesn't love a free e-book?

An awesome story about real human endeavor.

It was very interesting, it is the first time I have read anything about the rise and fall of Roman Empire. I felt like it left a lot of things unexplained. I also felt like it assumed I knew more about Roman history than I did and I wish more things were more deeply. The writer assumes that the reader knows a lot about the important names, concepts, and events.

Amazing history of the Roman Empire. Any history enthusiast will love this story. It's a very humble story. I actually liked the part in the story about the soldiers life. They had a great family.
