Walking Into Walls: 5 Blind Spots That Block God's Work In You

Synopsis

Have you ever heard yourself say, "As hard as I try, life never turns out like I hoped." "Why is it that everyone has better friends than I do?" "I would be so happy if it weren't for him [or her]." "No one can know my secret; I've got to deal with it on my own." "I've messed up so badly, God will never forgive me." Do any of these feelings sound familiar? These invisible emotional walls block your progress in life. In *Walking into Walls*, best-selling author, radio host, and counselor Stephen Arterburn identifies five prison walls, or blind spots, that will hold you captive and block the amazing things God wants to do in your life. Arterburn will help you learn how to overcome those life-blocking barriers and sprint into the future with renewed confidence and joy. This one audiobook is the breakthrough you need!

Customer Reviews

I've only read a little of this book and can already see where it will help me immensely. I was attracted to it because it is recommended often for people who are blocked by issues in life. There is a way around them or a way through them.

An easy to read book that provides insight into walls that we and others build and life strategies for dealing with them.

Thank you for being obedient by writing this material. I know the Lord was using you to help sooooo

many people. Walls or Boundary weall have to deal with them sometime in our lives. This book helps you to put them into perspective and to assist you into deliverance.Well written and well received.

This book has so much potential to be far more than it is.I would have liked to see it more "fleshed out" with further information about what to do if you find yourself hitting any of these walls.I felt like the chapters were basically introductions to each of the walls, but lacked the depth I was hoping to find.

Awesome Awesome book !!! It makes me understand the people who have thatkind of personalities that he talks about in the boo. I love it and will purchase moreof them to give as a gift....

I haven't listened to the entire book yet because it was kinda boring at the beginning. I am hoping the end is great. I started reading the regular book in the middle and it seems really good. Just wish there retreats were not so expensive....can't really help low income people that way.

Every leader should read this book. This book was life changing. If you let these biblical truths change your life. Others have noticed the changes I've made and it has changed them, too. Thank You Stephen!

This book was different, very informative. It makes you think of why you would feel or behave the way you. The book shows you how to correct and/or think differently and toy make changes.
