Kelly lives in Pasadena California with her husband, two girls, and Emmett, their faithful & feisty Maltese. She is lovingly restoring an 1886 Victorian farmhouse, which you can see on her blog. If everyone had a motto Kelly's would be: Be kind, work hard and see the beauty. If you enjoyed this book you can find more by Kelly at her blog, app or podcast.

I will refer to the ideas in this lovely book often.

Kelly's book is so beautiful I can almost smell the flowers! And it is so helpful too... sharing with her readers her vast knowledge and common sense of all things garden! I learned about picking the right flowers, care of flowers, and how to arrange them! She designs a unique and oh, so pretty flower arrangement for each month of the year and then shows how to replicate each one petal for petal!My Soulful Home: A Year In Flowers is pretty enough to be a coffee table book. But don't let the cover fool you! It's loaded with so much useful information that is really is a workbook of sorts!Kelly's book speaks to the flower lover in us all and encourages us to begin creating our own floral works of art!

I purchased this book because I have had some experience creating floral arrangements and am always interested in learning more about floral design. MY SOULFUL HOME: A YEAR IN FLOWERS is excellent! The author begins by giving her readers a firm foundation. She shares the history, principles and rules of floral design, and delves into how to care for cut flowers, sharing many tips for keeping various flowers fresh. If you wish to grow your own flowers for cutting, this book is an excellent reference, as the author gives a list of the best cutting flowers to grow, as well as tips for creating a cutting garden and how to harvest flowers for maximum freshness. Another very helpful aspect of this book is the author's suggested list of floral designing supplies and how to use them. Finally, the author gives a tutorial on creating a beautiful arrangement for each month of the year. In each tutorial, she covers types of flowers, supplies needed, and steps to creating the arrangement. I found the instructions in the book easy to follow and very thorough. This book will be

a great reference that I will continually return to for making lovely floral arrangements. Definitely a 5 star guide for floral design!

I heard about this book, and its author, on a terrific podcast called $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} "Decorating Tips and Tricks $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} . I was delighted to find out that one of the podcast co-hosts lives in my climate zone and is an avid gardener! Being a gardener myself, I had already enjoyed the gardening tips on the podcast, and had also connected with Kelly via her Facebook group $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} "Be a Better Gardener Club $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} . Naturally, I ordered the book as soon as I found out about it, and it did not disappoint. Although I create rose bouquets regularly (I have over 50 rose bushes in my garden), I consider myself a novice at the real art of arranging flowers. This book includes a great deal of practical information on flower care basics, creative ideas for unique and interesting $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ $\tilde{E}cevases\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a} , ϕ to hold the arrangements and the use of floral foam, tape and even $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ $\tilde{E}ceriogs\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a} , ϕ to help anchor them. As a new retiree, I can $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{A} \tilde{A} \tilde{A} \tilde{A} \tilde{A} wait to scope out places in my area where I can source some of the flowers Kelly recommends and try my hand at arranging them. Very inspirational!

My copy just arrived today. It's gorgeous front to back. I was impressed with all of the fabulous tips Kelly included in the book, along with wonderful personal stories around flowers. Kelly says $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ $\hat{A}|\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ $\hat{A}''Don\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{a},ϕ t spend your life waiting for someone to send you flowers. Make your own arrangements $\tilde{A}f\hat{A}\phi\tilde{A}$ \hat{a} $\neg\tilde{A}$ \hat{A} . I like her attitude. The book is a very nice size and contains detailed instructions for all of the arrangements.

Often, I think of flowers in the summer and fall, and completely forget about making beautiful arrangements in the winter and spring! This book is a great reminder to celebrate the beauty and fragrance of flowers every day through easy-to-follow flower "recipes". As a gardener, I particularly enjoyed the tips for designing my own arrangements and working with garden flowers. A great book!

This has to be one of the prettiest books that I own. It is worth the money to buy just to have as a coffee table book. Having said that, there is so much great information in this book I am sure that I will be referencing it quite often. Kelly shows us how to make wonderful arrangements that are timely for each month. I found this to be a wonderful read and I am so glad I bought this book. It is fabulous, just like Kelly!
