Customer Reviews

Book by Makinson, Randell L.

It's a good visual representation of SOME of the "Greene & Greene" furniture.

I love Greene and Greene furniture. Great photos. Looking forward to reading this.

I like Greene & Greene furniture and have bought a number of books on the subject. Most of the Greene & Greene books are about the architecture and not the furniture. The photographs in this book are black and white and not very good quality so it is difficult to see the furniture. However, the Greene & Greene furniture is so beautiful it overcomes the poor pictures.

If you like to study Greene & Greene furniture design - this is a great book!
