# Damned To Hell: A Kurtherian Gambit Series (Trials And Tribulations Book 2)

## Synopsis

Risk Be Damned is part of the Best-Selling Kurtherian Gambit Series Risking One's Heart is often harder than Risking One's life. Jennifer is in a bind, and that doesn't even stop to consider she got herself stuck right in the spider's castle. No, she did something a little rash, more for herself, than anything else. The problem is she knows she has hurt her very new boyfriend and God only knows how he was taking it. The reunion with a man over a thousand-years old might be a bit tense. However, at the end of the day, Jennifer and Stephen are part of the Queen's team and while the emotions for each other run high, they will get the job done. Along with everyone else on the team. While all of this is going on, the Queen has a special set of purchases that are wanted by others, so they can track where she is. And team BMW are trying to figure out who can brew the best beer of all. Damned Into Hell is part of The Kurtherian Gambit Universe set between books 13 and 14. Loosely, these three three years are called "The Dark Years" or "The Lost Years." The Dark Years - when the Trials and Tribulations of being merciful were shouldered by Bethany Anne and her people.

## Customer Reviews

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books. Looking forward to further books in the Trials and Tribulations series, Stephen and Jennifer are great characters, and want to see who wins the Team BMW beer brewing contest.

I think a good read needs 2 things- 1 characters that you watch change and evolve and care about their development, and 2 a well defined struggle between good and evil. This book fulfills both of those things! It is well paced; makes you eager to keep reading. Loved Stephen struggles to accept Jennifer's decisions. Bad guys are truly evil, but ending makes me say "hurry up book 3".

The next installment of the KG universe, in the form of the series following Stephen and Jennifer, really rocked. Ended up with more issues than it solved however and there are all sorts of places we can go from here tho. Mostly I am continually entertained by the adventures of BMW.... the windup of that tale is gonna be awesome, I just know it is....

Natalie did a fantastic follow-on story about what else was going on while TQB was preparing to take on the Galaxy. Her characters grow more real as her story progresses. Can't wait for the next one. Keep up the good writing. You have added more depth of characters and situations to the kurtherian universe. Congrats from a grateful reader.

I enjoy anything from Michael and most of things others publish with him. This was a decent add on to BA series. Not great but good. MAYBE if I read it alone it would be better. UNFORTUNATELY I've already read BA series. So this definitely takes back seat to Bethenny Ann. Sorry, but it is what

it is.

The second book doesn't disappoint a bit! More battles with Stephen and Jennifer. Of course a trio of my favorites (Team BMW) make a pretty good mess of things in search of my favorite. Beer! Curious to see where book 3 takes us.

This book and the first one were more in line with the original Kurtherian gambit books. It stayed truer to the original characters. It was enjoyable fun and fast paced. Books 1 & 2 the same day. They could have been one book.

Furthers the storyline well. The characters remain true, so far. Really enjoyed the end of the 2 main bad guys. Would have liked 1 more chapter about the refugees and what happened to Hsu. And what happened to Bobcat and Bellatrix' owner?
