A Rebel's Journey: My Path To Liberty

Synopsis

In 1999 Darryl W. Perry began a search for traditional values, which lead him down a path to the ideas of liberty. He tells the story in *A Rebel's Journey: My Path to Liberty*. "When you read stories about various persons paths to liberty, it's amazing how many of these people have been 'questioning authority' since they were barely out of diapers. *A Rebel's Journey* definitely puts Darryl Perry into this camp... where he stands out is in the very methodical way that he came to each conclusion on a subject of freedom. Sometimes it's funny, and sometimes I think it's crazy, but it's always authentic. This is a heartfelt memoir, but it's one with a point. And the point is: Anyone can find real freedom, no matter how winding the road is." ~ Dr. Brian Sovryn, Sovryn Tech

“The soft spoken journey of one of the most hardcore peace activists is a rational take on the everyday logic of anarchism. Darryl Perry sees the beauty of freedom. The reader sees his beautiful soul.” ~ Angela Keaton, Antiwar.com

"It's sad that the world is getting so bad that yearning for freedom is a rebellious act. But, for those who do want to rebel against tyranny this book is an excellent start down that path." ~ Jeff Berwick, The Dollar Vigilante

Customer Reviews

Darryl W. Perry has spent most of his adult life as an advocate & activist for peace and liberty. Darryl is an award winning author, publisher & radio/TV host, and is a regular contributor to several weekly and monthly newspapers. He hosts several podcasts, and is a regular co-host on Free Talk Live. Darryl is a co-founder of the NH Liberty Party, and was on the National Committee of the Boston Tea Party from 2008-2012. He was the longest serving member of the National Committee, and was twice elected Chair. The BTP dissolved in July 2012 after he resigned as Chair. Darryl is

the Owner/Managing Editor of Free Press Publications, a business he started in June, 2009 with the purpose of ensuring a FREE PRESS for the FREEDOM MOVEMENT. Since then FPP has republished several libertarian classics as well as new books, both fiction and non-fiction, many of which have won awards and other recognition. Darryl is running for President in 2016 to spread the message of peace, freedom, love & liberty!

Darryl Perry, in his book *A Rebel's Journey*, will take the reader into his rationale as to why he feels the way he does about various aspects surrounding multiple issues. Referred to as a libertarian, his views and sense of right and wrong would take on a new dimension during his high school years. He shares how his eyes would become open and today the reader can get a glimpse of his ideologies as it relates to: Drugs, Purchasing of goods, Taxation, Death penalty, Immigration, Education. Regarding drugs for example he states the following: "While I do not condone the abuse of any substance, I do not believe that jailing people who use a substance that can be misused is a good way to discourage use or abuse of said substance. I long for the day in which all substances are as legal as tomatoes". He believes governments should not force you to fund its schools, roads, post offices or other government function. "My solution to operating a government without taxation is to have said government rely on voluntary contributions, just as privately run businesses and charities do!" Perry is against the death penalty believing that innocent people have been executed which makes state-funded capital punishment immoral. His view on marriage is that if two people wish to get married and either partner desires to bring another person into the relationship they should be allowed to do so. He invites immigration believing people should be allowed to live where they so choose. The author would also like for government to be removed from the educational equation. "Public schools do not exist to educate children, rather the schools exist to mold children into replicas of one another". In the several jobs and places he has lived he refers to himself as a "news junkie" and has been an advocate and activist for peace and liberty. Because of his refusal to comply with laws this award-winning author found himself in court several times. Today he leads a busy life also as a publisher, radio/TV host and regular contributor to several weekly and monthly newspapers. He can be found hosting several podcasts as well. The reader will better understand the reasoning he explains for each topic in this book. It will verify why he gladly admits to his "rebel journey "

A great story about his journey in understanding freedom! He was running for President and his

platform was one of distinction... ABOLISHING THE FEDERAL GOVERNMENT ALTOGETHER!
He's got my WRITE-IN VOTE!

The writing excellent and beliefs? I agree to disagree. Everyone has a mind of their own I presume sometimes (?). I felt the author's zest for what he believes in and what he had accomplished. This country was founded on values and principles that made this country great and successful so I based my review on his writing abilities and what he needed to express. His beliefs were things I agree to disagree again. Received a free book that I had won through Goodreads First Read Giveaway. Thank you, Darlene Cruz

This book was well written, interesting, and also a light and enjoyable read. In addition to the sound arguments for liberty Darryl is known for, the personal stories were engaging and made this book well worth my attention. I also listened to the audiobook, read by the author, and it sounded much more professional than most author-read titles, likely due to Darryl's extensive broadcasting experience. Hopefully Darryl will share more personal anecdotes in a future work, his dedication to making the world a freer place has been an inspiration.

I read this book because it made more sense than most libertarian books explaining why the government is absurd as putting jelly on communion bread.

Well written book that mimicked my old perceptions of issues and my changed ideologies after I woke up to the message of Liberty and Freedom! Great job Darryl!
