## Customer Reviews

Wanderlust Travel Awards 2009 - 2014 "Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." - Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life." - The Philadelphia Inquirer

The DK Eyewitness guides in general are our "go to" guides for wherever we go. We usually start with them and then look at others, but always come back. Love all the pictures and easy to follow maps (3-D lots of times, easier to follow for those who aren't map savvy). Also I like the way

they group lots of pertinent information at the end so you are not flipping through pages and pages of information to find a hotel or restaurant.

This was a good reference book. I didn't actually end up needing it much, as I went with a tour group and had a guide to reference information with but there were some parts, particularly the places to eat that outlines what forms of currency the establishment accepted and what type of food they offered that was really helpful. I would definitely recommend if you are traveling on your own. It is jam packed with information and cool pictures.

This is such a fabulous book. It is well written for the average traveler. There are wonderful tips on the different sites and it clumps sites together in color coordinated sections. The little take out map is covered in a light plastic coating. The only problem is the type is small and I had to get a stronger pair of reading glasses to read it. This book will go in my bag when I pack.

This is a great guidebook, BUT not as detailed as the Lonely Planet guides. We did reference this as we travelled throughout Egypt, and without it I would've missed Cleopatra's inscriptions at the Dendera complexes. I'd grab this guidebook along with one other if I were to head over to Egypt. Recommended.

Gave us ideas of what to see as we drove Sicily. The orderly ancient/modern history, geography, and culture section are brief but adequate for a first timer in Sicily. Photos and presentation very glossy and pretty. A good book for the price.

Fabulous book for traveling in Jordan and Israel !!We used this book before and during our trip...these two countries are so rich in history...we have referred back to them frequently.

Whenever I travel, I choose the DK Eyewitness books if they're available. Like the rest in the series, this one has gorgeous photos and make vacation planning fun. It's also immensely practical and worth carrying on the trip.

helpful, colorful. I used a variety of these books to help me decide where to go. To make it simple. Osa Peninsula. Copa De Arbol is the place to stay. Most incredible experience for the money. Best food.
