Customer Reviews

As someone who enjoyed reading the fan translations of the webcomic as well as being one of the first light novels I read, Arifureta holds a special place in my heart. For me, as much as I like Yue, Shea is my favorite female character in the story. While she can be seen as annoying, I think her determination as well as a bit of a tragic story (but really, what character in this group isn't tragic?) make her that much more likable. We also get glimpses into the world at large, specifically the conflict between the Empire and beastmen as well as the beastmen's distaste towards all humans.

Overall, I'm really looking forward to the next volumes as well as seeing the characters all grow together.

Ever since I found volume one I've been completely hooked, I love how hajime just doesn't care about other people's problems and just kills everything in his path, honestly I feel we need more series like this because when the MC is like kouki from the hero party, it starts to irritate me how they HAVE TO SAVE EVERYONE. Anyways I'm looking forward to the next volume, THE REUNION ARC.

this volume wasn't very action packed but the story's still as good as the first volume. What I didn't like was that half the book and more was about travelling through the forest and helping the rabbit people. but still the author made the book very worth it with the dungeon/labyrinth at the end of the book. this book also made me laugh more than the first volume. this book definitely is worth the five stars that I am giving.

Not as good as book 1 due to the great character development the MC has after his betrayal, but this one was still pretty entertaining. Look forward to volume 3.

Again, an isekai (another world) story that appreciates that heroes can be strong if their enemies are just as. I loved it.

Oh man, I'm just loving this LN! I like Shea's addition to the party as both a love rival and comrade. I'm hoping volume three comes out and soon!

It's a great story with well fleshed out characters and ideas. I was a fan of the online but I'm loving the extras especially the part about Shea's mom

Typical over the top light novel with OP protagonist, but still a fun read. Several hours of enjoyment. Looking forward to the next novel.
