People With Disabilities (Social Issues Firsthand)

Synopsis

Behind policy debate over welfare reform, AIDS funding and hate crime laws are people struggling with poverty, illness and discrimination. Illuminating the often-neglected human side of society's pressing problems, this must-have series broadens and balances readers' exposure to issues such as homosexuality, poverty and suicide. Each anthology presents a diverse collection of personal narratives written by individuals with first-hand experience in the topic being discussed, either as a participant, a witness or an involved professional. *Gangs*, for example, includes the perspectives of gang members as well as those who have encountered gang violence and those who have counseled gang members. Each volume in *Social Issues Firsthand* offers a thorough bibliography for future research, plus a list of related organizations to contact and a detailed index enabling quick access to target information.
