Customer Reviews

Just what we needed, and none of the bulk or fluff that we didn't. Was able to carry this and the terrific map in my shoulder bag. We were experienced Bangkok visitors, already knew our hotel, etc... and were to be dining with friends, so this just gave us a bit 'extra' to help us be efficient with the tourist attractions. Pros: Has top attractions right up front as well as suggested itineraries Cons: Great ideas for walking tours, but we got off the path and got frustrated finding the side streets mentioned, and gave up. Also a bit hard to find some of the restaurants, but overall, everything accurate and helpful.

Used this travel book recently in Bangkok.. Found it scarce on details about restaurants and hotels, but it was otherwise very useful for destinations and maps.

came as expected! will do business again. A+++

Very brief descriptions of sights. The pictures and what you actually see don't seem to match up. Actually, it was so worthless I tossed it.

great info, great maps, great size

Great pocket guide especially for those spending a short period of time in a city with so much to see.

The content was good, but the kindle version was defective. There were too many mistakes and many of the images were not working. I decided to return this book.

good if you're only going to be in the city for a few days. nice map.
