Explorations: Omnibus (Books 1-37)

Synopsis

Here it is. The whole darned thing. Look on other, individual pages for the descriptions. Probably, if you're an Emily Tilton fan, by this time you know what you're getting, and in this package you're getting a LOT of it. 227,000 words, and I promise you'll be astonished how very many of them are pure erotica. Move over, Sade. These books of Explorations contain fiction elaborating the following sorts of fantasy that you may wish to avoid: Mf, MMff, MMMf, MMMMf (no sex among M's, at any time--sorry), FFFf, ffff, Mff, Mfff, Mffff, Mffffff, anal, spanking, King James language pseudo-religious erotica, sister-wives doing the kind of thing naughty minds really want sister-wives to do, exhibitionist sex athletics, diaperplay, ageplay. Stuff that doesn't even have an abbreviation or a name, because it's too hot and shameful. Spanking, whipping, caning, flogging. It's intended for over-18 audiences who, like me, are interested in exploring the lines between pleasure and pain, dominance and submission, and fantasy and reality. All characters depicted are consenting adults.

Customer Reviews

I bought this book 5 days ago. Since then I've been reading it every spare moment I have...on

planes and trains, waiting for dinner to cook, under the covers at night.... Its 227,000 purely amazing sexually-charged erotic words. Emily knows how to write a book that hits every naughty fantasy - spanking, oh my, yes, but also BDSM, anal, age-play, Victorian naughtiness, secret sex societies, mystery, punishment of every sort, water sports, did I mention anal? lots of anal! and more that I am forgetting. Don't worry if one of those isn't your thing - there is so much more to enjoy. Not to mention her funny and spot-on observations about writing in this genre. Emily, if you do exist, I hope your real life is half as amazing as your fantasies!

First, this collection provides tremendous value for the price, as it includes the entire Explorations series as well as all of the Prophetown stories. That said, the quality of the work is not always consistent. For my taste, the long middle segments where Ms. Tilton tries to recreate classic Victorian-style erotica, were overly florid and boring. However, the first half of the collection is very erotic, and it makes a "comeback" (pun intended) in the last segments (with the exception of a rather forced ending to the "story"). I've already purchased other books of hers and look forward to reading them.

good read
