I am very impressed with the quality and quantity of recipes in this book. I recently had a family member diagnosed with high blood pressure and cooking was becoming difficult. The recipes in this book are very helpful to me because they are simple, use basic ingredients and the best part, I can use my crockpot! These recipes may be low sodium, but so far my whole family has enjoyed them and didn't even notice. So far our favorite is the Cauliflower Mac and Cheese! This is absolutely delicious! The strawberry and baby spinach salad is very good and we loved the Peanut Butter Cake! This is an all around great cookbook, and I would recommend it to anyone who has high blood pressure or has to cook for someone who does.
