My granny always laughs at me when we talk about baking, but not at this time. I baked several pies, and the result was surprising and appetizing baking without too much effort.

This is a nice book on Pie Cookbook. All of the things, tips and recipes for a festive table that I need to know about are already included and well written inside. Jane Willan has done an incredible awesome job in compiling and creating this book. Also the unique part of this book is the compilations of the Pie with cheese and greens & Pie "colors of summer". Very healthy, delicious, and easy to prepare. The book is worthy of attention!

Most comprehensive book on pie I've ever read! It's well laid out, tells a great story and give unbelievable amounts of info on how to make the perfect crust. It contains recipes for all kinds of pies even savory pies. The pictures are great and show a wide variety of pies with lattice tops, decorated top crusts and different shapes such as square pies!

This pie book has everything I am looking for a recipe book except the pictures. Other than that, I find the recipes extremely organized and detailed. There are instructions that has 17 steps. That's profound details right there! There are ingredients and right amount of servings to follow as well. It's useful!

I love this book! The crust recipe is what I've been searching for! The author gives details to recipes as well as sweet stories to go with. Worth every penny, we'll see how my new pie does at this weekends contest!

Lots of great recipes. The kitchen is going to be smelling good lol. I found some I can't wait to try !
