Customer Reviews

The Urantia Book has played a major role in my life by providing the answers to the many religious questions I had, but could not find an answer to in any other religious books:-) What I have learned from years of searching is this: When you truly love the Creator of this Universe, you develop a strong urge to Serve. The greatest way for a human being to serve God, is through Loving Service to the Family of Humanity. There is no other way to achieve Peace On Earth. --Pato Banton - International Reggae Artist

Almost nothing is known about how The Urantia Book came to be written. What can be said is that it presents a philosophy of spiritual living that integrates and unifies all aspects of human existence to a degree far exceeding anything previously available. Thousands upon thousands of individuals have concluded that its qualities of thought and expression are beyond the power of human invention but only you can decide if you believe it is a genuine revelation or just an inspired work of

fiction.

If you want to really learn a lot about Jesus, this is it....Don't settle for less...I have listened to book 2 and 3...and was richly rewarded...WWJD
