Self-Working Coin Magic: 92 Foolproof Tricks (Dover Magic Books)

Synopsis

Money and magic – a combination that never fails to attract attention! With this helpful and revealing book, even novices can astound friends and relatives with mystifying magical feats requiring little more than common coins and paper currency. Written by one of today's foremost authorities on self-working magic tricks (those that need no special dexterity or long hours of practice), this how-to book features an impressive array of 92 simple-to-do tricks sure to dazzle any audience. Clearly worded instructions and 251 illustrations show beginning as well as veteran conjurers how to pluck a seemingly endless number of coins from the air, make a coin penetrate a tabletop, and perform psychic tricks with coins and bills. "Quick Print" lets you apparently print a genuine \$5 bill on blank paper, while "Bunco Bills" takes the audience behind the scenes to expose the methods of the shortchange artist. Other intriguing illusions include "Metal Bending," "Tower of Nickels," "Balancing Act," "Thru the Ring," "Immovable Object," "Sealed-Box Mystery," and dozens of other phenomenal tricks. No previous experience is necessary to perform these tricks and apart from the required currency, most call for nothing more than a few easy-to-find items (tabletop, cup, handkerchief, playing cards, etc.). Almost all can be mastered in a short time.

Karl Fulves is one of the most respected authorities in the field of magic. For over 40 years, he has

written hundreds of books on the subject and taught the art of illusion to thousands of people of all ages. This legendary figure also edited and published such magazines as Epilogue and The Pallbearers Review.

Great book and was in condition as advertised. Very good information here!

Anything written by Karl Fulves will not disappoint. This is good magic, understandably explained, that is fun to do.

The book has fun ideas and they are easy to do. You will like this book even if you have never tried anything like this before.

Simple but very effective tricks.

alls good

good book

Smaller than i thought it would be and relies too much on altering the deck of cards by cutting pieces of cards and gluing them to others- instead of actual card tricks done with sleight of hand which is what I was lead to believe it was.

Contents didn't appeal to me, but perhaps to someone else.It's all about personal preference really, so not putting this book down.
