Curious Beginnings: A M/M Age Play Romance

Synopsis

What happens when you find love in the most unexpected place? Mark has hidden from life for so long he wouldn't even know how to begin to find love. But who could love someone like him? Someone broken. Someone defective. Left a widower after the tragic death of his wife, Sebastian is finally ready to begin living again. But how do you find someone to love when what you want is taboo? 32k words Story Contains: M/m sexual content, age play, diapers, and ABDL themes Excerpt: He finally couldn't take the waiting any longer. The smiles, the blushes, the curious looks, it was all too much to resist. Leaning down, Sebastian pulled Mark even closer against him and kissed the pale skin just under Mark's ear. As first kisses went, it wasn't conventional, he would admit that, but the sweet shiver and whispered gasp as Mark arched against him was perfect. Going back for another taste of the soft, delicate skin Sebastian took his time licking and teasing the sensitive column of his neck. He loved the feel of Mark's body as he trembled and the breathless gasps of pleasure that escaped him when Sebastian found a particularly sensitive area. Mark was so responsive and it was as if he was experiencing every touch for the first time. As he licked down Mark's neck, he used his teeth to nip at the smooth skin sending shivers racing through Mark. He loved that Mark didn't seem to have much facial hair. As his cheek rubbed against Mark's, he could feel the slight texture of a light five o'clock shadow but the hair didn't seem to extend down his neck. In fact, from what Sebastian could feel he would be very surprised if Mark had any body hair at all. He couldn't wait to discover if he was right or not. Not wanting to spook his skittish boy he kept his touch gentle and slow, finally wrapping his arms around Mark's waist as he pulled him closer. His mind raced with fantasies, as he tasted his boy for the first time. Smelling sweet and fresh, his innocent scent was as addictive as his taste. Turning Mark in his arms so that he was almost on his lap, Sebastian kissed back up the column of Mark's neck, working his way up towards his next obsession. Kissing down Mark's jaw, he marveled at the texture. Even with the lightest of facial hair, Sebastian could still feel the difference. There was no confusing the fact that it was a man in his arms but the differences didn't take away from the experience. If anything, they made exploring Mark more interesting. He couldn't wait to discover all of those differences.

Customer Reviews

This not normally something I read but I have to say it was an awesome read! You took what one character saw as an embarrassment and with the love and acceptance of the other character made it into something that drew them together and brought them both happiness. I really enjoyed both MC's and wanted more story. If you have more like this in the M/M genre I would most definitely read them. Wonderful story....thanks for writing it

I have to admit the "play" in this is not something i understand however it was a good story. Mark due to medical problems and his own embarrassment has become a recluse, working from home. When a strange box from Sebastian one of his bigger clients comes across his desk. intrigued Mark starts to research the items, slowly the two come together but friends do not believe that Mark or Sebastian are made for one another

Mark and Sebastian are so cute together, even though Mark has never dated anyone before and Sebastian never dated a guy before. It is a very "modern" relationship and they love each other.

Short but good age play that falls into MM. I liked the flow of the story and the relationship - and how

unique a bond the two guys could have. Would have liked a few more scenes. BOY can this author write dialogue that is just right. I'm really into good "talk" dirty or other during scenes as I find it super arousing - more than glances or touches...and finding an author who can write like this is awesome. I'm looking forward to exploring more by this author!

I really enjoyed this story. I understand that some might not understand or like this particular kind of lifestyle but I don't see the problem. If it makes you happy and it's what brings you the connection everyone is looking for then go with it. I think this was a touching and loving story or find the one person that accepts you for who you are. I highly recommend it.

While not everyone will like this book those who like mm books and those who like reading about bdsm will like it. This book is about age play and being a daddy/mommy or a little. It shows that it can be just a kink or an everyday lifestyle. It also shows not only the ups but also the downs of being in a relationship.

I normally don't read this genre. Sometimes it's just fun to try something else when the others all start to sound the same. This is a very well written touching book. The developing relationship was a little fast, but very believable and sweet. I would definitely read another book by this author!

Daddy kink is very much my kind of kink, age play not so much. However, the author did a great job of conveying why and how this worked for out two characters and this story is very recommendable.
