# German Regions Cookbook Vol. 1: Delicious And Authentic Bavarian Recipes

## Synopsis

When thinking of Bavaria, immediately typical Bavarian dishes like pretzel, white sausages and beer come to ones mind. But there are many more culinary delights that the state located in southern Germany has to offer. In this first volume of "German Regions Cookbook" author Maximilian Haas has compiled his favorite Bavarian recipes that can be used for your Bavarian-style lunch or dinner or for a hearty Bavarian Party. All recipes come with a detailed description and are ideally suited for beginners as well.

## Customer Reviews

German Regions Cookbook Vol. 1 is a little recipe book that covers German dishes. The book is set up so you can find the dishes by looking at the table of contents. Overall, this book has a lot of good German recipes I can't wait to try out. So for those of you who are looking for a book that has over twenty different German dishes, check out this book.

I love German food, but have never in all my years attempted to make any. Well now I have, with the help of this delicious recipe book. The wild garlic soup recipe is definitely my favourite, as I love all things garlic, and the Bavarian sausage salad turned out very tasty indeed. The recipes are ideal for beginners like me, who aren't that good at cooking. See my UK review for verified purchase.

Not pleased with this Kindle purchase. All ingredient amounts given in metric system, which I can deal with, but serving sizes for the dishes are not given.

There are no photos to show what the final product will look like. In my opinion photos are an important part of any cookbook.
