Customer Reviews

Having spent a significant amount of time in SE Asia, I recognize and appreciate much of what the author is describing about both the places he visits and the emotions that he feels. The book is entertaining, But the topic is not for everyone, although any western male visiting SE Asia looking for love in whatever flavore, should read books like this to better understand the situation.

Great Book of detailed stories from a guy living in Bangkok. The guy is having a great time on his own terms, and writes very well. A fun read about his sexual exploits in Asia. The author writes with good details. I don't doubt this guy's real. He has another book that I plan to try soon. It has a good

length, and is not just some little booklet.

The "philosophy" is largely Ayn Rand meets Mick Jagger; adolescent - level macho disguised as profundity, but the author writes well and his descriptions of the sex life of an expat living in Thailand are dead on. It's fun to read but not to be taken very seriously.

Fun book, good writing. Why not 5 stars? It is a bit repetitive and I think it is full of exaggeration. Take it with a grain of salt and enjoy it for what it is.

I am sure this book is based on experience, but it can't be true. Too many perfect girls, too much perfect sex.

It's a very entertaining on-plane reading material. I take all his experience with a grain of salt but with any good novel, you need to sell a fantasy to readers in order for a book to be a good read and this one is no different.

The cover of this book doesn't convey how colorful this true story is. It has a flowing writing style and really makes you think. It's an enjoyable read for anyone curious about Thai nightlife or just wanting a great read. Very surprised at the quality of this cheaply priced book! Recommending to friends.

More bad philosophy than stories about SE Asian night life
